

Instant Roof Nui Dutch Gable *General Settings*

Style Libraries (See *InstantRoofNuiDutch-Styles.pdf* for more information on styles.)

Modify Style Either modify the Style or create a new one using it as a template. Style changes update the model file only and do not revise model definitions for other models. See *InstantRoofNuiDutch-Styles.pdf* for more information.

Materials Before running the Instant Road Nui, paint the materials that you wish to use on something in the model.
